

# 2020 FALL HOMESCHOOL CARPENTRY WORKSHOP

HOSTED BY THE ASSOCIATED BUILDERS & CONTRACTORS OF ARKANSAS

This workshop is designed to introduce homeschool students to the basics of hands on learning that is associated with the carpentry trade. Under the guidance of real Project Managers from Kinco Constructors, a large general contractor that serves the state of Arkansas, students will learn and implement key carpentry concepts by building Adirondack patio/deck chairs in small groups. They will also get to see various demonstrations and learn about career opportunities in this industry. This is a chance for students to learn directly from experts in this field, all while having fun!

## PROGRAM DETAILS:

Date: Tuesday, October 27, 2020

Time: 1:00 p.m. - 4:00 p.m.

Age Range: 13 - 18

Cost: \$40 per person

Class Max: 30

*First Come, First Serve*

Location: Arkansas Construction Trades Academy  
6 Collins Industrial Place | North Little Rock, AR 72113

*Building skills through  
hands-on projects!*

Students will receive the following items and will get to keep them after completing the workshop:
