*Jan 2010 – present*

**MaLi Technical services (Mali tech services)**

**Position: Co-Founder / Developer**

In the beginning of 2010 I along with couple freelance developers founded Mali tech services in little rock. The goal was to provide small businesses, alumni, and students an affordable option for web and graphic development from experienced it students from a university instead of risking being scammed online. Since the original development of service we now offer web development, graphic/multimedia, written, and recently tutoring services.
