

# 2024 ABC Arkansas Excellence in Construction Awards

## Project Entry Requirements & Application Form

We invite you to enter your company's best projects in the 2024 ABC Arkansas Excellence in Construction Awards competition.

*This celebration honors the state's most outstanding construction projects. Winning projects are then eligible for the ABC National competition.*

- Category Descriptions
- Project Rights & Agreement

## Program Overview

Your company has the opportunity to compete in the construction industry's premier awards program. The Excellence in Construction Awards recognizes outstanding merit shop projects through a variety of public relations efforts. Use this application to enter your company's best project(s) for a chance to win an Eagle Award!

All Eagle winners will be recognized at the EIC Award Banquet on Friday, April 26, 2024 in Hot Springs. Full event details will be announced soon. The awards ceremony will feature a multi-media presentation highlighting the STEP Award recipients, Eagle Award winners and Hall of Fame winners. Winners will also be promoted in various publications and releases through the regional construction-related news media.

## Entry Requirements

Each entry must follow the entry requirements outlined in this award application.

### Project Safety Requirements

A company that experiences a safety-related fatality of a direct employee in the United States within the current program year is NOT eligible for an Excellence in Construction Award. If a subsidiary is a direct ABC member versus part of a larger holding company member, then the subsidiary with a safety-related fatality is not eligible, but another subsidiary of the same holding company may be. Furthermore, all EIC award winners have a continuing duty to inform ABC of a safety-related fatality that occurred after the end of the current program year until the time of the awards program. Such a fatality will nullify the EIC award. After the judging process and prior to the awards program, ABC will request that an award winner confirm that a safety-related fatality did not occur. Failure to respond to the request will also nullify the EIC award.

A company that experienced a safety-related fatality of a direct employee in the United States within two or three years of the current program year is required to provide additional information regarding action that has been taken following the fatality.

No project that involves prime, multi-prime or sub-trade contractors with a safety-related fatality is eligible to be considered for an award.

### Completion of Project Requirement

To be eligible for award consideration, the project itself must have been completed between April 1, 2022 and December 31, 2023.

### Project Entry Steps

1. **Project Registration**- Each project must have this completed application to ABC Arkansas by **December 15, 2023**.

If you wish to submit multiple projects, please feel free to copy this form or download it at [www.abcark.org](http://www.abcark.org).

Once received, we will provide your company with a project binder(s) with entry details. There is no limit to how many projects a company may enter.

2. **Project Entry Fee**- Each project application must be submitted with a \$400 check made payable to ABC Arkansas. Project Entry Fees are non refundable.

3. **Mail Completed Project Binder**- All project binders must be dropped off or mailed to the ABC Arkansas office by Friday, **February 2, 2024**.

### Mailing Address

ABC Arkansas  
Attn: EIC  
6 Collins Industrial Place  
North Little Rock, AR 72113

### More Information

Specific questions may be directed to the ABC Arkansas office by sending an email to [hburt@abcark.org](mailto:hburt@abcark.org) or [megan@abcark.org](mailto:megan@abcark.org) or by calling 501.812.0828.

### All Dates to Remember

Eligibility Period - April 2022  
to December 2023

**Application Deadline - December 15**  
Completed Binder Deadline - February 2  
EIC Award Ceremony - April 26

## Judging

Projects will be judged by a team of unbiased industry experts from UALR's Construction Management Department. Entries will be evaluated on the material submitted and will consider attractiveness of design, complexity, workmanship, innovation, unusual challenges or problems overcome, etc. ABC Arkansas reserves the right to change the category of an entry if it believes a company's chances of winning may be enhanced.

## Project Binder 'Best Practices'

A well composed project binder is a key component to winning an EIC Award. Several years ago, we hosted a workshop designed to help members understand the judges' expectations and how to prepare the ideal project binder. Also at this workshop, past EIC Winners and ABC staff had the opportunity to share their tips and best practices. ABC took the information derived from the workshop and has put together a "cheat sheet" of the do's and don't's of completing your binder. Whether you've entered projects in the past or if this is your first time entering a project, this "cheat sheet" will serve as a great tool to help perfect your binder and increase your chances of winning one of the coveted Eagle Awards! This sheet will be included in your project binder, along with the instructions. Members will receive their project binder once we have received their completed EIC Application. Members may also view winning binders from previous years upon request. Email [megan@abcark.org](mailto:megan@abcark.org) for more information.

## STEP & AQC

Whether your company is beginning its' safety journey or continuing to strengthen its' safety performance, ABC National's Safety Training Evaluation Process (STEP) will provide you with the direction you need to reach world-class. Participating in STEP provides you with an opportunity to measure your safety program's progress through the 20 Key Components self-evaluation, identify areas of improvement and benchmark your performance with fellow ABC members.

### FOR YOUR EIC PROJECT BINDER:

There will be a section in your project binder that pertains to Safety. In this section, points will be awarded to Members who provide proof of receiving a STEP award in 2023. You may include a copy of your submission receipt or a copy of your award certificate. To request a copy of your 2023 Award certificate, contact [megan@abcark.org](mailto:megan@abcark.org). Physical certificates will be presented to winning companies at the EIC Banquet in April. To apply for 2023 STEP, visit [www.abcstep.org](http://www.abcstep.org).

(Deadline for 2023 application is December 15<sup>th</sup>.)

### LOCAL STEP RECOGNITION:

The ABC National STEP program is conducted annually and Members can apply year round. We encourage all Members to apply for STEP every year that they want to make a commitment to achieving world-class safety performance. In order to recognize National STEP winners on a local level, our Chapter will recognize the previous year's STEP winners during our EIC Awards Ceremony. Meaning, 2023 STEP recipients will be recognized at the EIC Awards Banquets on April 26, 2024. All 2024 STEP recipients will be recognized at the EIC Awards Ceremony in 2025.

Following STEP, companies can apply to become an Accredited Quality Contractor. The Accredited Quality Contractor Program is an ABC National program which publicly recognizes and honors those construction firms which have documented their commitment in five key areas of corporate responsibility: Quality; Safety (STEP Gold, Platinum or Diamond Level Required); Employee Benefits; Training; Community Relations and Diversity. Benefits of participating in this program include a wide recognition within the industry, the business community, and the public; National and local recognition in publications; authorization to use AQC language in bid documents; permission to use the AQC logo on letterhead, business cards and jobsite signs; and points on National Excellence in Construction Awards submissions for being AQC certified. For more information about the AQC Program, visit [www.abc.org/AQC](http://www.abc.org/AQC).

## 2023 EIC Eagle Award Winners & STEP Participants

### 2023 EAGLE AWARD WINNERS

ACE Glass Construction Corporation  
Backus Concrete, LLC  
Baldwin & Shell Construction Company  
Beshears Construction, Inc.  
CDI Contractors, LLC  
Clark Contractors, LLC  
CR Crawford Construction, LLC  
Crossland Construction Company, Inc.  
Crossland Heavy Contractors  
Emery Sapp & Sons  
Flintco, LLC  
Fureigh, Inc.  
Ideal Construction Company  
Kinco Constructors, LLC  
Koontz Electric Co., Inc.  
Nabholz  
Northwest Fire Protection, Inc.  
Rogers Group, Inc.  
TCM Enterprises, LLC  
TOLM Group  
VCC Construction  
VSC Fire & Security

### 2023 STEP PARTICIPANTS (SO FAR)

#### *Diamond Level*

Caddell Construction Co. (DE), LLC  
CR Crawford Construction, LLC  
Flintco, LLC

# Project Award Category

Please check one category per application below.

## General Contracting / Construction Management

For a project with the company performing as a general contractor or construction manager.

### Mega-Projects

\_\_\_\_ More than \$100 million

### Commercial

\_\_\_\_ Less than \$2 million

\_\_\_\_ \$2 to \$5 million

\_\_\_\_ \$5 to \$10 million

\_\_\_\_ \$10 to \$25 million

\_\_\_\_ Over \$25 million

### Community/Public Service

\_\_\_\_ All contract amounts

### Federal Government/Military

\_\_\_\_ All contract amounts

### Healthcare

\_\_\_\_ Less than \$2 million

\_\_\_\_ \$2 to \$5 million

\_\_\_\_ Over \$5 million

### Historical Restoration/Renovation

\_\_\_\_ All contract amounts

### Industrial

\_\_\_\_ Under \$1 million

\_\_\_\_ \$1 to \$5 million

\_\_\_\_ Over \$5 million

### Infrastructure: Heavy

\_\_\_\_ All contract amounts

### Institutional

\_\_\_\_ Under \$1 million

\_\_\_\_ \$1 to \$5 million

\_\_\_\_ Over \$5 million

### Pre-Engineered Building

\_\_\_\_ All contract amounts

### Public Works/Environment

\_\_\_\_ Under \$1 million

\_\_\_\_ Over \$1 million

### Renovation / Restoration

\_\_\_\_ Under \$1 million

\_\_\_\_ \$1 to \$5 million

\_\_\_\_ Over \$5 million

### Other Construction

\_\_\_\_ All contract amounts

## Specialty Contracting

For a project with the company performing as a speciality contractor. (Please note category changes.)

### Electrical

\_\_\_\_ Over \$10 Million

### Electrical: Commercial

\_\_\_\_ Under \$1 Million

\_\_\_\_ Over \$1 Million

### Electrical: Industrial

\_\_\_\_ Under \$1 Million

\_\_\_\_ Over \$1 Million

### Electrical: Low Voltage

\_\_\_\_ All contract amounts

### Mechanical

\_\_\_\_ Over \$10 Million

### Mechanical: Commercial

\_\_\_\_ Under \$1 Million

\_\_\_\_ Over \$1 Million

### Mechanical: Industrial

\_\_\_\_ Under \$1 Million

\_\_\_\_ Over \$1 Million

### Fire Protection

\_\_\_\_ All contract amounts

### Community/Public Service

\_\_\_\_ All contract amounts

### Sitework/Landscape/Hardscape

\_\_\_\_ All contract amounts

### Exteriors

\_\_\_\_ Masonry, precast or stone

\_\_\_\_ All other exterior finishes

### Interiors

\_\_\_\_ Acoustical, drywall, plaster

\_\_\_\_ All other interior finishes

### Other Speciality Construction

\_\_\_\_ All contract amounts

# Project Award General Category Descriptions

<b>Mega-Projects</b>	includes all projects more than \$100 million, regardless of type, whether General Contractor or Construction Management.
<b>Commercial</b>	includes office buildings, banks, retail facilities, hotels or mixed use buildings.
<b>Community/Public Service</b>	includes philanthropic projects, regardless of type, that enhanced the community, using substantial resources donated by the contractor. Entries should include information detailing the donated resources.
<b>Federal Government/Military</b>	includes all projects owned by the Federal Government, with the exception of transportation infrastructure and utilities.
<b>Healthcare</b>	hospitals, assisted living, nursing homes and other licensed medical facilities.
<b>Historical Restoration/Renovation</b>	restoration of buildings that are registered as historical, or are eligible to be registered as historical, on a state or the national registry of historic places.
<b>Industrial</b>	category covers manufacturing plants and facilities, refineries and similar types of construction.
<b>Infrastructure: Heavy</b>	covers projects streets or highways, dams, bridges and parks.
<b>Institutional</b>	covers buildings built for colleges, elementary or secondary schools, churches, local government structures; with the exception of healthcare facilities.
<b>Pre-Engineered Building</b>	encompasses commercial, industrial and institutional building projects where the primary structure is a pre-engineered metal building. Previous winners include an indoor skating complex, a boat manufacturing plant and an office/warehouse facility. Entries should include information regarding the extent of the project this is pre-engineered (i.e. are there conventional components or portions of the building?) The contractors role on the project (i.e. supply and erect steel, general contractor or design/builder) and why a pre-engineered building was utilized.
<b>Public Works/Environment</b>	covers water treatment plants and sewage treatment plants.
<b>Renovation / Restoration</b>	includes the renovation or restoration of non-historical, existing buildings with more than 50 percent of square footage that has been renovated or restored.
<b>Other Construction</b>	includes construction not specifically referred to in the above, such as theme parks, skate parks, water parks, zoos, and other unique types of projects.

# Project Award Specialty Category Descriptions

<b>Community/Public Service</b>	includes philanthropic projects, regardless of type, that enhanced the community, using substantial resources donated by the contractor. Entries should include information detailing the donated resources.
<b>Electrical</b>	covers any electrical contract more than \$10 million.
<b>Electrical: Commercial</b>	includes electrical systems and utilities in a facility built for the benefit of people comfort and occupancy such as: office buildings, hospitals, schools, shopping centers, call centers, multi-family residential, hotels, convention centers, fountain features in a commercial facility, sports arena and stadium, parking lots, medical laboratories or renovation in an existing facility.
<b>Electrical: Industrial</b>	includes electrical systems built for the purpose of facilitating processes or manufacturing. Examples are manufacturing plants, processing plants, clean rooms, data centers, printing and processing centers, airports, animal facilities or electrical renovation in an existing industrial facility.
<b>Electrical: Low Voltage</b>	includes installation of low voltage electrical systems such as structured cabling systems, total integration systems, network integration systems, access control systems, paging & intercom systems, nurse call systems, CCTV network systems, access control systems, and wireless connectivity.
<b>Mechanical</b>	covers any mechanical contract more than \$10 million.
<b>Mechanical: Commercial</b>	covers mechanical systems in a facility built for the benefit of people comfort and occupancy such as office buildings, hospitals, schools, shopping centers, call centers, multi-family residential, hotels, convention centers, fountain features in a commercial facility, sports arenas and stadiums, medical laboratories or mechanical renovation in an existing commercial facility.
<b>Mechanical: Industrial</b>	covers mechanical systems built for the purpose of facilitating processes or manufacturing. Examples are manufacturing plants, processing plants, clean rooms, data centers, printing and processing centers, animal facilities or mechanical renovation in an existing industrial facility.
<b>Fire Protection</b>	includes installation of fire alarm systems, fire sprinkler systems, fire suppression systems, or special hazard systems.
<b>Sitework/Landscape/Hardscape</b>	covers interior or exterior landscaping and parking lots.
<b>Exteriors</b>	includes masonry, precast, stone and all other exterior finishes.
<b>Interiors</b>	areas to include but not limited to are as follows: metal stud and gypsum, ceiling finishes, painting and wall coverings, other wall finishes and flooring. It is our intent to award based on degree of complexity and high end finishes showcasing the abilities.
<b>Other Specialty Construction</b>	covers construction not specifically referred to in the above specialty categories, such as roofing, fountain features or artistic scaffolding.

# Project Entry Qualifications, Rights and Agreement

## Property

All entries become the property of Associated Builders and Contractors of Arkansas (ABC AR). ABC AR will retain the applicant's entry binder as long as it is needed to fulfill program requirements.

## Entry Category Reassignment

ABC reserves the right to change an entry's original category if it determines that a project's opportunity to win will be enhanced by the change to the new category.

## Photographs

Photographs submitted with the application have been licensed by the photographer to be used by ABC Arkansas. Applicant has obtained the signature of any third party photographer to reprint the photographs without limitations.

License to Use: The undersigned hereby grants Associated Builders and Contractors ("ABC") a non-exclusive license regarding my photographs submitted by applicant in support of its entry in the ABC Arkansas Excellence in Construction Awards competition ("Competition"). This license grants ABC an unlimited right to use, reproduce, crop, resize, publicly display, distribute, and transmit electronically including on the internet, my photographs in connection with the Competition including but not limited to the promotion of the Competition and the announcement and promotion of any awards, without payment of any royalty or license or other fee by or from ABC or applicant or agent or other representative of ABC or applicant.

Photographer's Name (signature): \_\_\_\_\_ Date: \_\_\_\_\_

Photographer's Name (print): \_\_\_\_\_

## Grant of Rights

The applicant hereby grants to ABC the following non-exclusive rights: the right to reproduce, and distribute copies of the work throughout the year as part of the course materials described above, including the right to reprint the work, or any part thereof, whenever necessary and to license the use of the work, or any part thereof, in any medium or form of communication; and the right to use the applicant's name, photographs and biography, in connection with the work. The applicant reserves all rights not specifically granted herein.

## Safety Provision

No project with a safety-related fatality is eligible to receive consideration for an award.

## Warranty

The applicant warrants that the work is original, that its' publication will not infringe on the rights of others, and that it has the full power to make this grant.

## Applicant Agreement

I have enclosed a check for \$400 payable to "Associated Builders and Contractors of Arkansas" in accordance with the entry fee requirements. I hereby give permission to Associated Builders and Contractors (ABC) to use the photographs and any information submitted to the ABC Arkansas Excellence in Construction Awards competition in ABC awards materials, including presentations and printed matter, as well as promotional materials and news releases.
